Hand selected French European Oak planks to highlight the natural unique character in every plank. Thermal treated process enhances the natural patina to create a country chic and modern décor for your home. Designer selected earth tone colors inspired by the latest trends.

## 9.5 INCHES WIDE & 7.2 FEET LONG PLANKS

One of the widest and longest hardwood flooring products in the market. Less planks to install and less end joints.

UP TO 7.2 FEET LONG

*Every Plank Is  
A Work Of Art*

## ARTISAN CRAFTSMANSHIP

Our skilled craftsmen add character to each plank based on its unique grain patterns. The wear layer is a natural wood material which contains distinctive differences in color, texture and grain. Therefore, no planks will ever be the same.

UV OILED  
FINISH

Finished with organic eco-friendly durable UV Cured Oil, the Natural Oils penetrate through the wood pores to enhance the rich elegant patina and create a long lasting easy to maintain floor.

	UV Oiled Finish	UV Cured Urethane Finish
Ultimate Real Wood Touch & Feel	YES	NO
Lower Maintenance Cost	YES	NO
Enhances Natural Oak Grain	YES	NO
Appearance Ages Better With Time	YES	NO
Needs Sanding & Refinishing	NO	YES

DEEP RICH DESIGNER TONES

Styles are produced by a unique thermal process to achieve the deep rich color visuals. Wood is a natural product and each plank will react differently to this process resulting in color variations. This kind of variation helps display the true wood characters and is one of the most desired attributes in hardwood flooring. Each style is labeled with a V4-Rating on the right to help you select your perfect flooring.

Proud Members of:

Images and actual hardwood floor samples are intended as visual guides and not as the exact representation of the hardwood floors. Wood is a natural material containing distinctive differences in color, texture and grain. Knots & mineral streaks may not be present on every plank. Furthermore, sheen or gloss level and the overall appearance of the floor may look different when viewed at various angles and lighting conditions. Before you install any flooring product, we recommend that you rack out a box or two to verify that the product you have ordered is within the acceptable color range and fits your design style. Color variation ratings serve only as guides. Color and grade of all natural products must be inspected and approved by the consumer prior to installation. Any flooring installed will be considered acceptable and no claims will be valid based on visible appearance after installation.
